Frequently asked questions

Am I entitled to compensation if my checked baggage is delayed or lost?

Do I have to collect delayed baggage from the airport? ▾

How do I track my baggage on my journey? ^

Use the baggage tracker in the Emirates app to see where your baggage is at every step of your journey.

You can follow your baggage from check-in to loading on the aircraft, while it's being transferred to a connecting flight, and see when it has arrived at your destination. You can also check the baggage belt number when your baggage is ready to be collected in Dubai.

To track your bags, go to notifications on the home screen. You can also find it under the baggage section in My Trips. You can track your bags on nearly all our routes and in some of our destinations you can receive notifications about your baggage carousel number.

If your baggage is delayed, you will automatically receive a reference number (called a PIR) and will be able to track the status of your baggage.

If you don't have the app, you can use the [delayed or damaged baggage tracker](#) on our website.
